

# Waves that engulf us and chains that bind us...

[www.oyemagazine.org](http://www.oyemagazine.org)

Each person can make a chain link with the name of something that enslaves us in the country and the world in which we live (there could be things such as injustice, unfair immigration laws, abuse of power, idolatry...)

Then they can do drawings of the waves that engulf us (there could be things such as relativism, consumerism, pleasure, materialism...)

Discuss how those chains can be broken and which actions could be undertaken so as not to succumb in those waves. Erase the waves, or break the links with each commitment expressed.
